

My name is Jason Wilson and I am in long term recovery from all substances and a lifestyle full of darkness. My personal path was formed from several different pathways, but based on 12 Steps of Narcotics Anonymous. I spent the better part of 25 years in addiction living a lifestyle of total chaos and dysfunction, while I destroyed the lives of others and my own. However, today I work a strong program. I'm the GSR for the Vincennes NA groups. I really enjoy planning and facilitating recovery events.

My Favorite Quote:

"Don't let your past determine your future."
