Genetic Screening

Unity Screen

No charge
to those who qualify

Plain Insight Panel
(PIP) Screening

\$450

Unity Screen is a simple blood test that checks if parents carry common inherited conditions that could affect their baby's health.

PIP Screening is an expanded carrier screening that is able to determine carrier status for a variety of genetic conditions specific to the Plain communities. Cost is \$450 per couple, which includes processing, collection, shipping and genetic counseling. *During this event, PIP screenings will not be conducted on-site. We'll schedule appointments for a later date.*
