(812) 254-2760, ext. 1147

Daviness Community Hospital offers a Tuberculosis (TB) Validation Class for healthcare professionals who need to administer, read, and record Mantoux Tuberculin Skin Tests.

This certification ensures that healthcare workers have the knowledge and competency to properly conduct TB screenings, a critical component in preventing the spread of TB in clinical and community settings.

This class is blended with part being online (in.train.org) and part in-person.

Who should take this class?

This course is designed for healthcare professionals who are responsible for TB testing in their workplace, including:

- Physicians & Advanced Practice Providers
- Nurses
- Indiana Licensed Healthcare Professionals
- Certified Medical Assistants

11 a.m. - Noon • \$50/person

Daviness Community Hospital • 1314 East Walnut, Washington
