Procedure Title: **OB Ultrasound - More Than 14 Weeks**

---

**Patient Name:** \_\_\_\_\_

**Appointment Time:**

When: \_\_\_\_\_ Date: \_\_\_\_\_ Time: \_\_\_\_\_

---

**Where:** You will report to the admitting office (main hospital entrance). Then report to Radiology. Someone from Ultrasound will be with you as soon as possible.

**Purpose :** This test uses sound waves to take images of the fetus and may include the ovaries. This scan is safe and painless. There is no radiation involved.

**Preparation:** You need to have a full bladder for this examination. You will need to drink approximately 32 ounces of fluids 1 hour prior to your scheduled test time. Do not empty your bladder before this exam.

**Procedure:** This examination usually takes about 45 minutes. A water-based gel will be applied over the pelvic area. A plastic device called a transducer will be moved over your pelvis to obtain the necessary images of the fetus for the Radiologist.

**After Care:** Scheduled Test: OB Ultrasound (More Than 14 Weeks) You may resume all normal activities after the test. Follow up with your attending physician to discuss results. Results usually are available to the physician in 2 business days.

Please call (812) 254-8851 to talk with one of the Ultrasound Technologists if you have any questions.

**Reviewed:** 11/11/2014
