Procedure Title: **Pelvic Ultrasound (Male) Exam**

---

**Patient Name:** \_\_\_\_\_

**Appointment Time:**

When: \_\_\_\_\_ Date: \_\_\_\_\_ Time: \_\_\_\_\_

---

**Where:** You will report to the admitting office (main hospital entrance). Then report to Radiology. Someone from Ultrasound will be with you as soon as possible.

**Purpose :** This test uses sound waves to take images of your lower abdominal pelvic area. This scan is safe and painless. There is no radiation involved.

**Preparation:** There is no preparation for this study but occasionally a full bladder is necessary and you may need to drink 32 to 40 ounces of fluids 1 hour before the study. If bladder ultrasound is ordered drink fluids as stated above.

**Procedure:** This examination usually takes about 30 minutes. A water-based gel will be applied over the pelvic area. A plastic device called a transducer will be moved over your pelvis to obtain the necessary images for the Radiologist.

**After Care:** You may resume all normal activities after the test. Follow up with your attending physician to discuss results. Results usually are available to the physician in 2 business days.

Please call (812) 254-8851 to talk with one of the Ultrasound Technologists if you have any questions.

**Reviewed:** 11/11/2014
