Taking care of our community means delivering care that you can count on. Daviess Community Hospital is proud to continue our commitment to providing high quality, compassionate surgical care through a team driven by excellence.

About Us

Daviess Community Hospital surgeons are highly-skilled generalists. They offer many of today's latest surgical techniques and treatments for a wide variety of conditions, including cancer.

Types of Surgical Stays

Outpatient Surgery (Same Day Surgery)

Following a brief recovery period, you will go home on the same day as your surgery.

Inpatient Surgery with Overnight Stay

You will stay in the hospital overnight; however, you will not be in the hospital for more than 24 hours after check-in.

Inpatient Surgery with Multiple Night Stay

You will stay in the hospital for more than one day. Patients who stay multiple nights will typically require more skilled nursing care after their initial recovery period.
